## Glass Revolving Doors

AUTOGATE manufactures glass revolving doors in a variety of configurations.

These revolving doors are suitable for streamlining traffic flow and reducing air-conditioning losses.

Represent low security access control.

Available in a range of colours with an option to match corporate colour schemes.

The toughened glass arms do not tarnish or scratch and the high quality finish will withstand continuous and prolonged use even in corrosive atmospheres.

AUTOGATE revolving doors are designed to provide many years of maintenance-free service.

Revolving Doors Allow :

- Suitable weather screen to buildings
- Manual locking after hours
- Attendance monitoring
- Counting facility which can be remotely monitored
